

## Final Project

General	Points	Earned
Root folder properly named	10	
HTML file resides at root with appropriate name	10	
CSS file resides in CSS folder with appropriate name	10	
Images folder exists in correct location, named correctly, and contains all (and only) images used on the site	10	
No additional files are submitted	10	
HTML validates	20	
CSS validates (or fails with justification)	20	

Rendering	Points	Earned
<b>Wrapper and viewport</b>		
Centered in viewport	10	
Fixed width	10	
Background image/color fills viewport even at high resolutions	10	
Large circle in top-right corner remains in top-right corner of viewport (not necessarily the wrapper)	10	
Proper spacing between masthead and content area	10	
Masthead and content area are equal widths	10	
<b>Masthead</b>		
Outer glow/shadow on all 4 sides of masthead	10	
Masthead rounded corners	10	
Masthead is semi-transparent	10	
Masthead overlaps large circle	10	
Text is left-aligned on right side	10	
Font formatting	10	
<b>Navbar</b>		
Correct height	10	
Spans full width, or up to 2px of space on each side	10	
Color is correct	10	
Text formatting is correct	10	
Hover background fills full height without extending beyond the navbar or causing things to jump	10	
Hover background contains appropriate padding	10	
Text is right-aligned with proper spacing	10	

Content	
Outer glow/shadow on all 4 sides of content area	10
Content area rounded corners	10
Overlaps big circle	10
2 columns (floated) with appropriate spacing and positioning	10
Left column contains properly formatted heading and paragraph	10
Right column contains properly formatted text and images	10
Footer	
Centered under white content area	10
Text properly formatted	10
Logo	
Properly positioned	10
Maintains proper position when browser width changes	10

Other browsers	Safari	Chrome	IE7	IE8
<i>Site should 'look good' at first glance. If not, it's not ready to go live. If things are missing, it might still be 'go live' ready, but needs some fixin'. If what's there just looks bad, it's not ready.</i>				
Not 'go live ready' (-40 if not ready, -25 if ready with minor tweaks)				

CSS	Points	Earned
White space, readability	10	
Organization	10	
Semantic naming	10	
Shorthand	10	
Descendant selectors	10	
IE management (IE conditionals)	10	

Total	440	0
<b>Final grade (late assignments will not be accepted)</b>	<b>0%</b>
